Affordable, Fast and Wireless

XL High-Yield Cartridges[3]

Automatic 2-Sided

Tablet+Mobile Printing

2.4" Colour LCD

VIZIX 2.0 Vizix 2.0 Print Technology

Wireless-N

Overview

Tablet and Mobile Printing
Print from almost anywhere via a wireless-N network.[1] You can also print via your Android or Apple device using your wireless network.[2]

More Pages per Cartridge
Replace cartridges less often with high-yield supplies that deliver three times the number of pages as standard-yield cartridges.[3]

Automatic Two-Sided Printing
Reduce paper consumption by up to 50% and reduce your impact on the environment with automatic two-sided printing.

Easy to Use
The 2.4-inch (6-cm) LCD is easy to read and the color graphics make navigation and troubleshooting intuitive.

Vizix 2.0 Print Technology

Vizix 2.0 print technology

Better than Ever
Customer experience was paramount in the creation of the new Lexmark Vizix 2.0 Print Technology. Everything from the individual ink cartridges to the ink itself was designed for fast, sustainable printing and reliable quality at an excellent value. This advantage means that you save money and the environment, increase your efficiency and receive dependable high-quality printing.

Outstanding Quality and Reliability
The new printhead technology creates sharp results and brilliant printouts every time.

Excellent Value
Purchase the cartridges that best fit your budget with standard-yield and high-yield cartridges, as well as multi-packs.

Sustainable by Design
Reduce waste over the lifetime of your device with free recycling, high-yield cartridges and individual color cartridges.[4]

Footnotes
[1] When used with a wireless-N enabled router. Also subject to the range of the router. Compatible with Wi-Fi CERTIFIED IEEE 802.11 b/g/n routers.
[2] Compatible with Android 2.1 and higher and Apple iOS 4.2 and higher. The device must be on the same Wi-Fi network as the printer. Performance is dependent upon network connection quality and speeds.
[3] XL cartridges not included. Available for aftermarket purchase.
[4] For more information about the Lexmark Cartridge Collection Program (LCCP) visit www.lexmark.com/recycle.
[5] "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
